

New Me Hypnotherapy

Sharan Patel

NEW ME
hypnotherapy

Helping you live the life you deserve.

- **Rapid Transformational Therapy**
- **Renewed. Rejuvenated. Redefined.**
- **Effective & Life-changing**
- **Doesn't use drugs**
- **One session required**

Rapid Transformation Therapy addresses the underlying issues that cause anxiety, addiction, fears and phobias.

The technique works across multiple areas from a fundamental point of addressing the root cause. Stopping a negative thought or memory and transferring it into a powerful positive.

Hypnosis changes an aspect of our subconscious mind that has manifested itself into a phobia, addiction or problem we want to change.

If you could make any changes - what would you choose?

- Free from addictions such as chocolate or alcohol?
- Released from feeling anxious?
- Able to control or be free of physical ailments such as IBS?
- Negate a fear of flying? Therefore able to travel overseas for family or romantic holidays.

Whatever you fear most has no power. It is your fear that has the power over you.

Call TODAY for a FREE no obligation 30 minute consultation.
